## Virtual Mobility Manual

**HOW TO  
TEACH AND LEARN  
INTERNATIONALLY  
FROM YOUR OWN DESK**

<http://reve.europace.org/drupal>

### REVE project:

The manual is one of the main outcomes of REVE project, carried out by EuroPACE ivzw and its partners.

This project is aimed at enhancing the impact and efficiency of traditional Erasmus programmes, through the set-up and support of mainstream Virtual Erasmus actions in the European Higher Education Area.

For more information:  
<http://reve.europace.org>

#### Partners involved in REVE:

**Aalborg University** – Denmark  
**BEST** (Board of European Students of Technology) – France  
**College of Management and Public Administration in Zamosc** – Poland  
**Consorzio NETTUNO** – Italy  
**EDEN** (European Distance and E-learning Network) – United Kingdom  
**Escola Superior de Comunicação Social** – Portugal  
**EUNITE** (European University Network for Information Technology in Education) – Belgium  
**EuroPACE ivzw** – Belgium  
**FernUniversität in Hagen** – Germany

**Helsinki University of Technology** – Finland  
**Katholieke Hogeschool Kempen** – Belgium  
**Katholieke Universiteit Leuven** – Belgium  
**La Sapienza – University of Rome** – Italy  
**University of Granada** – Spain  
**University of Strathclyde** – United Kingdom  
**University of West-Hungary** – Hungary  
**Warsaw University of Technology** – Poland

The REVE project is carried out with the support of the European Commission, Directorate-General for Education and Culture, under the eLearning programme.

# REVE Virtual Mobility Manual

Ever wanted to teach your course for an international public? Ever wanted to virtually follow courses in a foreign university as an integral part of your degree program?

The online 'Virtual Mobility Manual' will give you an overview of the possibilities of how to effectively integrate Virtual Erasmus and Virtual Mobility into your course and degree program.

By using concrete examples of Virtual Erasmus courses, issues like collaboration models, agreements, accreditation and localisation are being addressed. The aim is not only to provide information, but also to offer concrete solutions and guidelines for difficulties that may arise with respect to the different aspects. The manual is easy to use thanks to its online format which makes it possible to shift between chapters and select the topics of interest. It allows you to learn from others' experiences,

## Why is this manual interesting for you?

The manual focuses mainly on teachers and trainers, but students and higher education institutions can discover this manual to be a useful tool as well.

### **For teachers, trainers, training managers and curriculum developers:**

- Better understanding of the benefits of collaboration through ICT within a network of universities
- Guidelines for a more effective integration of ICT in the educational offer on a technical, pedagogical and organisational level.

### **For higher education institutions**

- Overview of concrete and working scenario's, models and implementation procedures as well as best practices and pitfalls.

### **For students, trainees and lifelong learners**

- Better understanding of the benefits 'Virtual Erasmus' has as an enrichment of or a substitute for 'traditional Erasmus'.
